

## Renewable Energy Certificate Wind Turbine Assignment Form

### About RECs:

Renewable Energy Certificates (RECs) can be created by owners of Wind Turbine systems. System owners can assign the right to create RECs to registered agent DCFX Solar Systems Pty Ltd. RECs are produced under the government's Renewable Energy Target (Renewable Energy Electricity Act 2000) to encourage renewable energy production and provide an incentive for Australians installing renewable energy systems. For more information visit [www.pyramidpower.com.au](http://www.pyramidpower.com.au). RECs can only be assigned for wind turbines with a rated output of not more than 10 kW, or a total annual output of less than 25 MWh.

### Customer (Owner) Details

First name (s): \_\_\_\_\_ Surname (s): \_\_\_\_\_  
 (if company) Company Name: \_\_\_\_\_  
 Postal Address: \_\_\_\_\_  
 Suburb: \_\_\_\_\_ State: \_\_\_\_\_ Postcode: \_\_\_\_\_  
 Phone(home/business): \_\_\_\_\_ Mobile: \_\_\_\_\_ Email: \_\_\_\_\_

### Wind Turbine System Details

**Installation address**  
(if different to above) \_\_\_\_\_

**Date of Installation:** \_\_\_\_\_ **System Brand:** \_\_\_\_\_

**System Model:** \_\_\_\_\_ **No. of Turbines:** \_\_\_\_\_

**Total Capacity:** \_\_\_\_\_ **Turbine Serial Number(s):** \_\_\_\_\_

Is the system grid connected?  Yes  No

Are you claiming above the default resource availability of 2,000 wind hours per year?  Yes  No

If yes, have you attached a site specific audit to demonstrate higher resource availability?  Yes (Complete Audit Section)  No

Have you received or been approved for a rebate or financial assistance (including Solar Credits) for any small generation unit at this address?  
(includes Solar Homes and Communities Plan, Photovoltaic Rebate Program, Renewable Remote Power Generation or National Solar Schools Program)  Yes  No

Is this premises **NOT ELIGIBLE** for Solar Credits (REC multiplier)? (If you answer **NO** then you are conforming that the premises **IS** eligible for Solar Credits).  
(Please refer to SGU Owners Guide <http://www.orer.gov.au/sgu/index.html>)  Yes  No

### Site Auditor Details (to complete if claiming above default resource availability of 2000 wind hours per year)

**Auditor First Name:** \_\_\_\_\_ **Surname:** \_\_\_\_\_

**Company Name** \_\_\_\_\_

**Postal Address:** \_\_\_\_\_

**Phone:** \_\_\_\_\_ **Mobile:** \_\_\_\_\_ **Fax** \_\_\_\_\_

**Email:** \_\_\_\_\_

### Wind Turbine System Installer Details

**Installation company:** \_\_\_\_\_

**Postal Address:** \_\_\_\_\_

**Installer name:** \_\_\_\_\_

**Phone:** \_\_\_\_\_ **Email:** \_\_\_\_\_

### Office Use

Approved by:		Date received:	
Accreditation no.:		Date processed:	

## REC Calculation

The number of RECs depends on the size of the system, the availability of wind hours in a year and the deeming period. Use the following table to calculate the number of RECs that you may claim on the above system. Systems that are eligible for Solar Credits are able to create additional RECs. Determine if your system is eligible for Solar Credits at <http://www.orer.gov.au/sgu/index.html>.

Table symbols indicate: 'X' - multiplication of numerical factors, '=' equal.

**Table 1:** If you are **NOT eligible** for Solar Credits then use the following REC calculation table:

0.00095	X	System capacity		kW	X	Wind resource availability		X	Deeming period 1 or 5 yrs <sup>(ii)</sup>	
		No. of RECs			X	REC value	\$	=	Amount payable	\$

**Table 2:** If you **ARE eligible** for Solar Credits and the rated output of the system is 1.5 kW or below then use the following REC calculation table

0.00095	X	System Capacity		kW	X	Wind resource availability		X	Solar Credit Multiplier value		X	Deeming period 1 or 5yrs	
		No. of RECs			X	REC value		=	Amount payable				

**Table 3:** If you **ARE eligible** for Solar Credits and the rated output of the system is **over 1.5 kW** then use the following REC calculation table:

0.00095	X	1.5 kW	X	Wind resource availability		X	Solar Credit Multiplier value		X	Deeming period 1 or 5yrs	
Plus (+)											
0.00095	X	System capacity (minus 1.5 kW)		kW	X	Wind resource availability		X	Deeming period 1 or 5yrs		
		No. of RECs			X	REC value	\$	=	Amount payable	\$	

No. of RECs rounded down to the nearest whole number if great than 1 MWh

Selecting a 5 year deeming period will optimise your Solar Credit benefit as they may only be claimed once regardless of the deeming period selected.

## Owner declaration: I hereby declare that:

- The above information is correct and I am the legal owner of the system referred to in this form.
- I understand that by signing this form I am assigning the right to create Renewable Energy Certificates (RECs) and any other environmental rights associated with these RECs for the above system to DCFX Solar Systems Pty Ltd.
- I understand that by choosing DCFX Solar Systems Pty Ltd I am unable to sell or assign anyone else the right to these certificates.
- If my assignment is invalid or DCFX Solar Systems Pty Ltd is unable to create or register the RECs then I will repay DCFX Solar Systems Pty Ltd or the installer/supplier for the benefit received.
- I understand that either the Office of the Renewable Energy Regulators (ORER) or DCFX Solar Systems Pty Ltd have the right to inspect my system within 5 years of the date of this assignment.
- I understand that the information on this form may be made available to government regulators for the purpose only of creating and registering the certificates and for compliance purposes.
- I understand that I can claim RECs for a Wind SGU for periods of 1 or 5 years for the life of the system.
- I must retain proof and receipts of the installation date for the life of the RECs.

## GST Declaration

- Personal      The system is owned by an individual who is not registered for GST and the system is for personal use.
- Business      The system is owned by a business that is registered for GST and will submit a valid tax invoice for GST purposes.

Business Name: \_\_\_\_\_

ABN: \_\_\_\_\_

## Privacy Declaration

All information on this form is treated as confidential. DCFX Solar Systems Pty Ltd will not release information to anyone other than as required to create and register the certificates and to meet regulatory requirements.

## Payment Details

- Payment is to be made to the installer/supplier in exchange for the point of sale discount received by the system owner
- The system owner

Payment Type:       electronic       cheque (incurs additional time to process)

Bank account name: \_\_\_\_\_

BSB: \_\_\_\_\_

Account No: \_\_\_\_\_

Email (required for remittance advice):

info@pyramidpower.com.au

## Customer Approval

Signature: \_\_\_\_\_

Date: \_\_\_\_\_

Please include proof or receipt of system purchase with this form
